

## **LIFE MINISTRY COORDINATOR PROGRAM**

Lutherans for Life believes that the Church is compelled by God's Word to speak and act on behalf of those who are vulnerable and defenseless, including innocent human life that is being destroyed through legalized abortion and the growing threat to the lives of others through legalized assisted suicide and euthanasia. To assist the Church in speaking out FOR Life from a Biblical perspective, Lutherans for Life has created the congregational Life Ministry Coordinator Program.

***Do you wish there was something you could do to save lives and serve the Lord of Life?***

***There is and it is very simple.***

***Become a Life Ministry Coordinator (LMC) for your congregation!***

The Life Ministry Coordinator (LMC) program envisions one or several individuals in a congregation who have a heartfelt interest in the life issues of today, from chastity, to abortion, to post-abortion healing, to stem cell research, to euthanasia. They truly believe in the sanctity of all human life and desire to seek opportunities to educate and motivate members of their own congregation for service as Christian witnesses and citizens on life and family issues.

Lutherans for Life of Michigan has over 250 LMC's in Michigan congregations but we need many more to share God's Word of LIFE. If your congregation does not have a LMC, please considering being one. The LMC program does not require a lot of time. It can be as simple as providing the Lutherans for Life monthly newsletter, 'Life News' to your members or you could do a Mother's Day Diaper Shower, or collect baby supplies for your local crisis pregnancy center. We are interested in doing all we can to help you start such a ministry in your congregation and support you in carrying out this work of love.

If you think this might be a ministry for you, please contact Jean Peters at 989-652-2542 for more information.
